SAKE

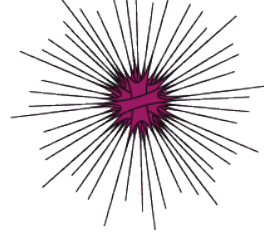

**“Sake has the power of a hundred medicines”
-old Japanese saying.**

“Sake” is a traditional Japanese drink that is made from fermented rice. It has been consumed and used for religious ceremonies for over 2000 years. In fact, a study of Japanese history would be incomplete without the study of Sake history.

The drink is mentioned in the ‘Kojiki’, which is the first written and recorded history of the country. Japan is a country known for its customs and traditions, and sake, a traditional drink also involves traditions and customs.
